this study provides new interpretations of the little known but fascinating palazzo trinci frescoes relating them for the first time both to their physical context and to their social political and cultural environment chapters show how a humanist agenda subverted the historical and mythical associations more frequently used to promote powerful families to point the trinci family in new directions it also shows how the artists involved adapted established civic

religious and chivalric imagery in support of these ideas the book argues that the resulting decorations are highly unusual for the period in their serious political and social purpose positioning the trinci as bringers of peace not war the family is now associated with culture and education and presented as willing to encourage debate about the character of the virtuous ruler and the nature of good government the book will be of interest to scholars working in art history and renaissance studies
